

OPMP Presentation by CropLife Foundation

On April 3, CropLife Foundation consultant Leonard Gianessi presented his talk on the Importance of Pesticides for Feeding the World at a meeting of the Core Group of USDA's Office of Pest Management Policy (OPMP). The presentation was arranged for by OPMP Director, Sheryl Kunickis. Among the attendees (both in person and electronically via phone) were staff from FAS, ARS, NASS, APHIS, NIFA, the Forest Service, and the Office of Risk Assessment and Cost-Benefit Analysis. Following the event, the FAS and ARS staff both extended invitations to Leonard to present to their Offices in the next couple months.
