

Gianessi Presents At Unitarian Church

On January 21, Leonard presented his new talk on *the Importance of Pesticides for Feeding the World* as part of the Science and Religion lecture series at Cedar Lane Unitarian Church in Bethesda, MD. The lecture series is typically attended by retired government scientists, administrators, doctors, lawyers and environmental activists. A notable attendee was John Daniel, former EPA Assistant Administrator. Leonard's talk was followed by an hour of roundtable discussion with the group.
