

Gianessi Travels to St Louis, Speaks at Monsanto

On March 28, CropLife Foundation consultant, Leonard Gianessi traveled to St Louis, MO where he presented his talk on *The Importance of Pesticides for Feeding the World* at Monsanto headquarters. About 40 Monsanto staff attended the presentation in person while another 120 watched the presentation live via WebEx. The presentation was also video recorded for later replay for Monsanto staff outside the U. S. who could not watch live. This event was organized by Laura Grapes, Monsanto's Scientific Communications Manager.
