

Foundation Presentations at AMVAC

On May 19, CropLife Foundation consultant Leonard Gianessi presented his talks on the Importance of Pesticides for Feeding the World and The Importance of Pesticides in Meeting Consumer Standards to AMVAC staff in their HQ in Newport Beach, CA. Leonard's trip was organized by SOC member Cindy Baker-Smith who showed Leonard the spectacular views from the AMVAC offices. AMVAC CEO and CLA Board Member Eric Wintemute also spoke and recounted his efforts to establish the benefits outreach program at CropLife. Leonard acknowledged the tremendous contribution that Eric made and stated that the Foundation's activities over the last decade would not have existed without Eric's leadership.
